Continuation of Substance of Interview including description of the general nature of what was discussed: Applicants' representative (Kwai Lau) was contacted because the "Brief Description of the Drawings" was incomplete. Specifically, page 44, of the specification only discloses the description of claims 1a and 1b (see lines 15 and 18) and does not disclose the description of figures 1c and 1d, which are present in the drawings. It is noted that figures 1b-d disclose the sequence identified as SEQ ID NO: 2, in its entirety. Kwai Lau agreed to allow the Examiner's amendment to change the description of claim 1b (see p. 44, line 18) to "Figure 1b-d" to properly describe the indicated figures. .
